

New Tariffs for Caen Street & Chaloners Road Car Parks

New charges are to be introduced in the Caen Street and Chaloners Road car parks this year. The new charges see a slight increase and will be effective from 7th June 2024 and will now include charging on a Sunday from 9am to 6pm.

Unfortunately, costs such as resurfacing have increased significantly recently and it is necessary to build reserves for this and other works to be completed in the future. Also, we have had to undertake significant tree works and unexpectedly replace large sections of the wall where vehicles had knocked into it making it unsafe.

After the running and maintenance costs of the car park are covered, the income is used towards looking after the village such as the Parish Council

owned green spaces and, as mentioned in our previous newsletter, some of the income from the car park enables the council to offer grants to support local organisations such as projects run by the museums and library, Christmas lights and voluntary drivers.

The charges remain reasonable compared to other local car parks and the very low 30p **cash only** option for 30 minutes is still available. If you are paying by card or on the Flowbird app the minimum charge is £0.90 for 1 hour. The Parish Council absorbs the costs for the card and app payments and it would not be financially viable for us to offer the 30p rate by these methods of payment. Our signage will be updated to reflect this.

Our car park permits costs were not increased this year (£240 annual cost) and remain great value at less than £5.00 per week/£0.66 per day. - less than the cost of 1 hour parking! Please see our website or contact the Parish Council for further details.
